## **DATE OF COMMENCEMENT OF SUBSCRIPTION**

## **PRIVACY AND SECURITY**

Generally, n2y employs commercially reasonable security measures that comply, in n2y's reasonable discretion and interpretation, with all applicable Federal and state laws and regulations regarding data privacy and security, including but not limited to the Family Educational Rights and Privacy Act ("FERPA") and the Children's Online Privacy Protection Act of 1998 ("COPPA"). These measures include appropriate administrative, physical, and technical safeguards to secure data from unauthorized access, disclosure, alteration and use. n2y will conduct periodic risk assessments and remediate any identified security vulnerabilities in a timely manner. Except as expressly provided in this Agreement, neither n2y nor its successors or assigns shall have any liability for the breach of its privacy and security measures or the integrity of its hosting services, unless caused by the willful misconduct of n2y. n2y expressly disclaims any warranty that data exchanges are or will be secure.

Data residing on the n2y server is password protected, and account access is provided only to Authorized Users. However, the safety and security of your data also depends on you. You should not upload or send to n2y sensitive information via email, as this is not secure. You are also responsible for keeping account usernames and passwords confidential. Please notify n2y if you become aware that data has been lost, stolen, or used without permission; n2y may disable access to an account in order to prevent an unauthorized third party from obtaining access to same.

## **THIRD PARTIES**

n2y will not distribute or otherwise disclose PII to any third party without the prior written consent of an applicable customer. n2y does not sell PII to third parties. n2y shall ensure that any third party that handles PII agrees to comply with this Agreement.

## **FERPA AND PII**

FERPA protects the privacy interests of students in their education records. It controls the disclosure of a student's PII from education records without the consent of the parent or eligible student. Per Federal regulation, PII includes (but is not limited to) a student's name, the name of the student's parent or other family members, the address of the student or student's family, a personal identifier, such as the student's social security number, student number, or biometric record, indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name, other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty, or information requested by a person who an educational agency or institution reasonably believes knows the identity of the student to whom the education record relates. Examples of the types of PII, student data and other data that n2y may acquire include: name, student number, picture, level, gender, birthday, parent/guardian name, address, phone, login, and more.

It is n2y's policy to limit access to this website and its materials and content through secured interfaces that require user authentication and to have in place reasonable support measures to protect PII.

Some n2y solutions may offer a feature that permits Authorized Users to share limited content with other members of their subscription group or in certain circumstances with members outside a subscription group if the feature is enabled by the Authorized User. Please be aware that you are responsible to determine the appropriateness of the content, including, but not limited to, any PII, that you decide to share via these features and for obtaining the appropriate consents where required.

If you do not provide consent within a reasonable time from the time you are presented with this notice, n2y will delete your online contact information (if any) from its records.

In the case of a school or other organization's purchase of a subscription to access the materials and content, the law permits it to obtain parental consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent to be given directly to the website operator.

Please note that you always have the right to consent to collection and use of your child's personal information without consent to disclosure of his or her personal information to third parties. Where applicable, n2y solutions are accessed via a separate teacher or student view. Student personal information such as name, student number, picture, level, gender, birthday, parent/guardian name, address, phone, username is entered and established via the teacher view by an adult such as a teacher, subscription administrator, parent or guardian. They are not entered by a child. Further, n2y may collect usage analytics to be presented back to you or your child or to your child's teacher (if applicable) to demonstrate progress and performance or for internal purposes to improve certain n2y products. n2y collects this information through the child's interaction with activities and assessments in the solutions. n2y will not require your child to disclose more information than is reasonably necessary to participate in an activity and will not retain personal information any longer than is necessary to fulfill the purpose for which it was collected and will de-identify or delete the information using reasonable measures to protect against its unauthorized access or use per n2y's retention policies.
